

## PRODUCT SAFETY DATA SHEET

### Product Description

Product Name : Crepe Rubber Band for 70% quality

Chemical Characterisation : Vulcanised natural rubber

Form : Solid

Colour : Amber and colour

Specific Gravity : Approx 1.05 - 1.10 g/cm<sup>3</sup>

Solubility in water : Insoluble

### Chemical Composition

Natural Rubber : Approx. 60%

Zinc Oxide : Approx. 1%

Stearic Acid : Approx. 2%

Calcium Carbonate : Approx. 27%

Wax : Approx. 7%

Sulphur : Approx. 2%

Accelerator : Approx. 1%

### Reactivity Data

Stability : Stable

### Fire and Explosion Hazard Data

Extinguishing Media : Foam, dry chemical

In case it is swallowed accidentally, seek medical advice immediately.

### Health Hazard Data

Not harmful to human body under normal circumstances.

In case it is swallowed accidentally, seek medical advice immediately.

### Precaution for Safe handling

Store the product in a cool and dry place, avoid direct sunlight and fire.

Toxicological Details : As all chemicals used in manufacture of rubber bands as specified above are non-toxic, there are no toxic effects when the bands are in contact with fresh produce. Also if there is any talcum powder remaining on the bands after washing, we can certify that the talcum powder has no known toxicological effects either when in contact with food or in contact with the hands of packers.

Ecological Details : has no known polluting effects under proper use  
All the chemicals are certified by Reach.
